Subject: A Joint Message from Coleraine Police Department and ISD 316 Regarding School Safety

Dear Families and Staff,

We are writing to reaffirm our shared commitment to the safety and wellbeing of all students and staff in the Greenway Public Schools.

We recognize that the recent situation involving a reported threat of violence at Greenway School has raised concerns among some families and community members. We understand these concerns and want to assure you that both the Coleraine Police Department and the school district take all reports, rumors, and potential threats of violence seriously.

Whenever a potential safety concern is brought to our attention, the district follows an established threat assessment process. This includes working closely with our school resource officer and local law enforcement, as appropriate, to evaluate the information available, assess the credibility of any reported threat, and determine what actions may be necessary to protect students and staff.

This process was followed in response to the recent concern at Greenway Schools. After reviewing the information available, it was determined that there was no credible threat.

We understand how important it is for families and staff to have confidence in the safety of our schools. Please know that the wellbeing of our students and staff is our top priority.

We also encourage students, families, and staff to immediately report any concerning information or potential threats to school administrators or law enforcement. By working together and maintaining open lines of communication, we can help ensure our schools remain safe and supportive places to learn and work. We have a resource which has been in place for anonymous reporting: ISD 316 Anonymous Reporting
Thank you for your attention to this important update and for your continued partnership in keeping our schools safe.

Sincerely,

Chief Beach
Coleraine Police Dept
